FIRST ANNOUNCEMENT INTERNATIONAL CONFERENCE ON MANGROVES OF ASIA-PACIFIC COUNTRIES IN VIEW OF CLIMATE CHANGE (MAPCVCC-2014)

Grand Seasons Hotel,
 Kuala Lumpur, Malaysia

11-13 November 2014

Jointly organized by

Supported by

AIM OF CONFERENCE

To gather researchers and managers for the development of new ideas, techniques and enhancing networking for mangrove conservation in the region.

OBJECTIVES

- To build local and regional capacity in mangrove restoration and management and continue to raise public profile of the values of mangroves in the Asia-Pacific countries
- To bring together national, regional, international researchers, forest managers and NGO's to share experiences and knowledge of the sustainable management of mangrove ecosystems in view of current and future climate change effects

CONFERENCE THEMES

1. Mangrove forests of the Asia Pacific countries: ecology, biodiversity, degradation and vulnerability to climate change
2. Research and development activities towards mangrove sustainability in the Asia Pacific countries
3. Climate change adaptation: Country management and policy options for mangroves
4. Efforts in restoration of mangroves in coastal areas and their effects
5. Social, economic and educational aspects of mangroves
